Professional Summary

Computer Science Engineering graduate with a background in Artificial Intelligence and Machine Learning. Skilled in Python, SQL, Excel, Power BI, Tableau, data handling, documentation, and basic programming. Experienced in data validation, quality checking, dataset preparation, and reporting. A quick learner with good problem-solving skills and the ability to work with technical and business teams.

Education

B.E. in Computer Science Engineering (Artificial Intelligence & Machine Learning)	2023–2026
Mumbai University	CGPA: 7.01
Diploma in Computer Engineering	2020–2023
MSBTE	68.97%

Experience

Robotics Data Associate & Data Annotation Intern	Mar 2026 – Jun 2026
<i>Autonex AI</i>	

- Collected and prepared visual datasets for AI and machine learning applications.
- Performed data validation and quality checks to maintain accurate and reliable datasets.
- Annotated images and videos according to project guidelines.
- Assisted with dataset preparation, labeling, organization, and documentation.
- Identified data discrepancies and followed quality standards to maintain dataset accuracy.

Projects

PhonePe Transaction Analysis	Power BI
-------------------------------------	-----------------

- Built interactive Power BI dashboards for state-wise transaction analysis.
- Performed trend analysis and created KPI reports with actionable insights.

Online Retail Sales Analysis	Python / Tableau
-------------------------------------	-------------------------

- Cleaned and preprocessed an online retail dataset using Python (Pandas) in Jupyter Notebook.
- Performed Exploratory Data Analysis (EDA) to identify customer purchasing behavior, sales trends, and product performance.
- Developed Tableau dashboards and Matplotlib visualizations for KPI tracking and business reporting.
- Generated actionable insights through data analysis and visualization.

Technical Skills

Programming	Python, SQL
Office Tools	Microsoft Excel, Word, PowerPoint
Excel	Pivot Tables, VLOOKUP, HLOOKUP, Data Formatting
Data Tools	Power BI, Tableau
Python Tools	Pandas, NumPy, Jupyter Notebook
Data Skills	Data Cleaning, Data Validation, Data Organization, Data Quality Checking
Other	Git, GitHub, Basic Machine Learning, Documentation

Soft Skills

Problem Solving, Communication, Teamwork, Time Management, Quick Learning, Attention to Detail
